

# ILUNION Málaga

## Welcome to Costa del Sol

2

The Costa del Sol offers magnificent infrastructure for holding trade fairs, congresses and incentive trips. The city of Málaga is a leading destination in the event tourism sector: with a number of venues with a capacity of thousands, including the Málaga Conference Centre, the Costa del Sol Conference Centre in Torremolinos, and the Ronda Conference Centre. It is a destination that is very well connected with the rest of Spain and neighbouring foreign countries by high-speed rail, road and a major international airport.

The Málaga-Costa del Sol airport has modern terminals and a wide range of shops (over 50 airlines operate out of this airport). It receives 14 million passengers each year, making it the gateway to all of Andalusia.

### Maritime city

Málaga boasts some of the best beaches in Spain. Sheltered by a natural bay, the Port of Málaga has become the second largest cruise port in Spain with luxury cruise ships and yachts from across the world frequently stopping there. Puerto Banús in Marbella, Muelle Uno in Málaga, and the Benalmádena marina are some of the most recommended ones to visit, enjoy the sea, and discover the area's gastronomy and lifestyle.

Furthermore, Málaga Station is one of the most important rail hubs in the south of Spain, joining Málaga with the country's other big cities by the AVE high-speed train.

# MICE Experience

Here at ILUNION Hotels, we want our guests to enjoy the city in a different way. We want our groups to enjoy an all-round experience that combines business and leisure: creative meetings, cultural initiatives, participatory activities, and interaction with nature or the city.

In addition to classic events, we've come up with team-building activities focused on team work that range from simple adventures to more physically demanding activities.

## Private tour and cocktail at the Picasso Museum

Málaga is the birthplace of Picasso, the most important 20<sup>TH</sup> century artist, and it is also home to the museum that bears his name. Located in the emblematic Palacio de Buenavista, the museum offers an exclusive tour of the artist's collection guided by an art historian from the Department of Education. The tour finishes with a cocktail reception and a walk around the terraces and archaeological remains of the palace.

## Tour and tasting at a traditional winery

Founded in 1971, "el Pimpi" wine bar and cellar is one of the longest standing in Málaga where you can savour the local cuisine and the best wines from the region.

The winery is located in a large old 18<sup>TH</sup> century house in one of the main cultural hubs, surrounded by the city's most important museums and historical buildings: Alcazaba, Roman Theatre, Picasso Museum, Carmen Thyssen Museum, Plaza de la Merced.

## All set for a regatta!

Costa del Sol offers the chance to enjoy dynamic nautical activities where the team will put their motivation and camaraderie to the test. A professional yachtsman will explain the rules of a regatta and how to steer the boat.

When the groups divide up into the different sail boats they will then go out to sea to put all they have learned into practice. This exciting experience will finish with a tournament in the open sea and the winning team will be presented with trophies.

## Blind breakfast

Under the guidance of ILUNION Hotels, the group will be transported into the world of a blind person, an experience that will put all their senses to the test.

In this activity, participants will embark on an experiential journey to learn first hand the difficulties that a visually impaired person has to face in such everyday tasks as having breakfast.

This awareness activity will help the group understand the reality of people who have some kind of disability, and encourage participants to realise that "it's not what you achieve, it's what you overcome".

# ILUNION Málaga

A superior 4 star hotel, perfect for resting after a long work day in Málaga city. Its spacious rooms - many with sea views - and amazing wellness centre provide for an all-round relaxing experience. ## Multi-purpose areas for any kind of event

Comfortable, open-concept spaces with maximum flexibility that can adapt to any kind of personalised event. Equipped with large windows and filled with natural light - one of the most charming features of the common areas of this hotel.

The event rooms at ILUNION Málaga are partitionable spaces which can be opened up to host large company or family events or divided up for smaller gatherings. The close proximity of the terrace or foyer means there are plenty of different places for people to relax during work days, or that can be transformed for cocktails or coffee breaks.

Guests'  
opinions

"ILUNION is a synonym of quality! Excellent treatment from all staff, fantastic buffet and outstanding cleanliness. I hope to stay there again soon. Warm greetings to the staff at reception for their kindness and professionalism!"

"Excellent staff, very comfortable. The room was very clean and spacious. The pool was an added bonus and it was nice to be able to cool down and disconnect. 100% recommend. Location was also good."
